Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Wednesday 17 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Remaining unsettled and windy with spells of rain or showers.

Today:
Rain, locally heavy, clearing the east this morning, followed by sunny spells, but frequent heavy showers and gales affecting the far north-west. Occasional rain then returning north across England and Wales through the afternoon and evening.

Tonight:
Rain moving north, followed by clear spells in east. Further rain, some heavy, in the west along with strong winds, then colder with risk hill snow in far west later.

Thursday:
Band of rain moving east, then colder with sunshine and showers, these wintry on hills in the north and west. Windy with rain and hill snow in the north-west.

Outlook for Friday to Sunday:
Rain, locally heavy, developing across some western areas through Friday, clearing into Saturday. Further rain or showers for some, Sunday. Breezy, with coastal gales. Mild; very mild for eastern areas.
